WORKSHOPS & MAKERS

SMALL FIGURES IN WOOD AND FABRIC

Small character figures made by hand, in wood, fabric and full-colour print.

WHAT WE MAKE

Small figures of our characters, about 6–9 cm tall, for children aged two to five to hold and play with: in turned and painted wood, in stitched fabric, or in full-colour 3D print.

AFTER APPROVAL

Small batches from about 50 pieces per character, with the same quality each time, packed simply. Child-safe paints, materials and sizes are part of every order.

THE SAMPLE

From our drawings and colour references, you make three to five sample figures. We check them for feel, finish, colour and child safety, send feedback, and agree any changes.

WORKING TOGETHER

Clear specifications and drawings, prices agreed up front and paid on time, and a long-term relationship with a small team. We talk in English, Urdu or Hindi.

FORMAT

Samples, then small batches

WHERE

South Asia

SEND

Photos of your work

SCAN FOR THE BRIEF

WHO IT'S FOR

- Wood-turning and wood-carving workshops
- Soft-toy and stitching workshops
- Full-colour 3D print studios

YOU GET

- Clear specifications, drawings and colour references
- Fair prices agreed up front, and paid on time
- Long-term work with a small, careful team

WE'D MAKE

- Samples of 3-5 figures from our designs
- Small batches (from about 50 pieces) after a sample is approved

RIGHTS + CREDIT

Designs stay ours; your workshop is credited where you'd like. Child-safety requirements are part of every order.

HOW IT WORKS

Now	Send photos of your work
Week 1-2	Specifications and a quote
Week 3-6	Samples, feedback, approval
Then	Small batches

APPLY

Send photos of your work, your location, the materials you use and the quantities you can make.
