ILLUSTRATORS & ANIMATORS

PORTFOLIO CALL: CHARACTERS AND PICTURE BOOKS

Picture books, character design and short animations for young children, by artists from many places.

WHAT WE MAKE

Picture books for children aged two to five, in several art styles (cut-out, paper collage, watercolour and more), character designs, and short animations of 10–60 seconds, in many languages.

WHAT WE LOOK FOR

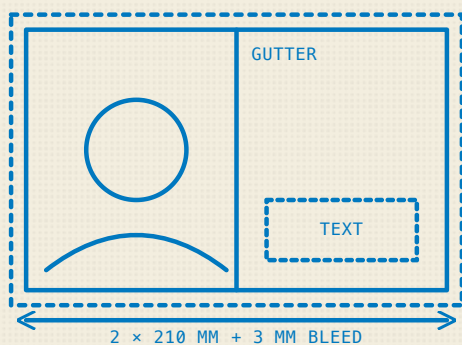

Warm, readable characters a toddler recognises at a glance; strong silhouettes; colour that feels like a real place; and care for small details from everyday life, especially in South Asia.

TYPICAL FIRST PROJECT

A character sheet (front, side, back, five expressions) and two picture-book spreads in your style, from a written story and a brief. Usually two to four weeks, with one round of feedback in between.

HOW YOU'RE PAID

Each project has a written brief, a fixed fee agreed before you start, and your name on the work wherever it appears. Remote; we talk in English, Urdu or Hindi.
